

20. Star Glider
Scripture: Philippians 3:15

Be a light in the world, like a shining star, and share God's love with goodness and kindness.

What you need

Paper

Scissors

Glue or tape

What to do

1. Use one piece of paper and draw your pattern, Make 5 side by side elongated pentagons 4 inches long.

2. Draw a rectangle below the pentagons that is 1-inch by 6 inches.

Cut the outside of the shape and the lines between the pentagons.

3. Write words on each pentagon to share God's love such as Believe, God loves you, be kind, be gentle, encouragement, or God forgives. Think of other things to write.

3. Fold up each pentagon at the top line of the rectangle.

4. Curve the rectangle into a circle and glue or tape closed with pentagon points facing out of the circle. The cutout forms a star shape.

5. Hold the circle in one hand up high and twist it and let go. Watch it spin as it glides to the ground.

Try from different heights by standing on a chair or stairs.
