

Summer Camp Book

Psalm 111:3-4

What You Need

Cardstock
Copies of the Pages
Glue
Scissors
Scoring tool

What To Do

1. Using the cardstock make 2 rectangles that are 12 inches long and 4 inches wide.
2. Score the rectangles at 4 inches and 8 inches. Fold along each of these lines to form your book panels.
3. Glue the bottom of the 3rd panel of one rectangle to the front of the 1st panel of another rectangle. This will give you 5 panels on each side of the long rectangle.
4. Fold the panels back and forth to create the base of the book.
5. Cut out and fill in the answers to the questions to help you remember your memories of camp
6. Glue each paper onto a panel of the book using both the front and back sides. Add pictures to the book to fill in the pages between the questions.

Summer Camp Fun

My favorite activity:

I learned about:

The Bible verse I need
to remember is:

Something I learned
how to do at camp was:

Camp reminded
me that God:
