

Paper Advent Wreath Cutout

By Karen Whiting

What you need

White paper

Scissors

Colored pencils or crayons

Pattern

Print the circle pattern on white paper.

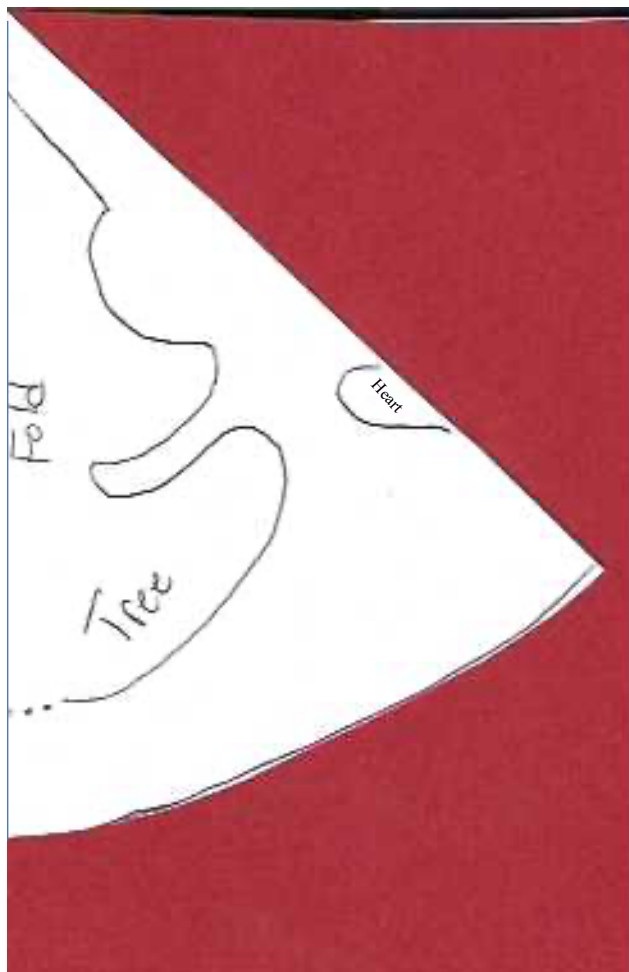

Cut the circle and then fold it in half 3 times.

Use the pattern to cut along the solid lines, to cut out the half tree shape and the half heart shape. Do not cut all the way across the bottom of the tree. The dots are fold lines.

Unfold the cut out, stand up the trees by folding up along dotted line.

Place on a green paper circle or plate and add battery operated candles in the center.

Options: Use markers or paper to color three candles purple and one pink.

Printout pattern
